Award-Winning, Luxury Anne Arundel County Hotel Undergoing Sweeping Guest Room Renovations to Offer a Premier Boutique Experience

The Hotel at Arundel Preserve to give guests a luxury experience connecting the community's history and modern technology

HANOVER, Md. (December 19, 2024) – The Hotel at the Arundel Preserve (7795 Arundel Mills Blvd., Hanover) recently started renovations of the property's 150 guest rooms on Dec. 15, giving guests a luxury experience infused with the vibrancy of nature. The redesign complements the hotel's 2023 renovation of the lobby and meeting rooms, reestablishing it the premier boutique hotel experience in the heart of Maryland.

"This renovation will provide our guests a new and amazing experience" according to April Richmond, general manager at The Hotel at Arundel Preserve. "The upgrades will provide all of our corporate, wedding, meeting, and leisure guests with a refreshed, contemporary look that nods to the history of Anne Arundel County."

The Hotel at Arundel Preserve was built in 2011 and is 7.5 miles from Baltimore/Washington International (BWI) Airport. The 2023 renovation of the lobby, meeting rooms, and pre-function spaces created an improved flow, additional seating groupings, and a warm and inviting environment. The meeting spaces now feature comfortable seating options in pre-function areas, enhanced lighting, and luxurious furnishings. The guest room renovation mirrors the ambiance and style of this spring's public area renovation, completing the re-establishment of the Hotel as the premier boutique property in Maryland.

"Our goal is to subtly incorporate natural elements and refined finishes reminiscent of the history of Anne Arundel County and the Preserve locally. The county has been home to luxurious summer resorts since the 1880s," said Richmond. "With our commitment to the environment and enhanced technology, each guest room offers eco-friendly lighting, additional outlets, and contemporary and residential-styled finishes to create a personalized and comfortable experience for our guests."

Renovations are expected to be completed by early-March 2025. Renovations will occur floor by floor, starting on the 7th floor, the top of the hotel. All upgrades will occur during the day to ensure guests and visitors are not disturbed. The hotel's two on-site restaurants, Grillfire and Añejo Rose, will remain fully open for business.
